Mr. Kenneth Kauer, President
Mt. Marin Homeowners Association
47 Tan Oak Circle
San Rafael, California

Dear Mr. Kauer:

A recent survey conducted within our homeowners group shows an interest (approximately 25 families) in a privately-financed recreation center. The number of families is not sufficient to warrant a feasibility study. However, if enough people located in the combined San Rafael Park, Mont Marin and Twelve Oak Hill areas are interested, then we might form a joint committee to study the possibility of such a facility.

A privately-financed stockholder Recreation Center would include a pool, tennis courts, meeting room, and playground. Each family would purchase a share of transferable stock for \$500 to \$1,000, depending on the facilities.

Please let us know if you feel there would be sufficient interest among your group to warrant our exploring the possibility of a joint center.

Sincerely,

W. J. Thompson
President
